Brother Secretaries,

Brother Secretaries,

50 YEARS OF SERVICE AWARDS
It has come to the attention of the Grand Lodge Office that some lodges hold 50-year service awards throughout the year and wait to present them when the lodge holds a family night or special presentation event. Please keep in mind, the 50-year service award is a Grand Lodge Award and should be presented as soon as a Mason has reached his 50 Years of Masonic Service. Also, the 50 years of service award may be presented 30 days prior to the actual eligible date (MC Section 9-104). I ask that you please not hold this award and make every effort to present it as soon as the Brother is eligible.

ANNUAL ELECTIONS
It is very important immediately after the December elections of Officers the results are entered into Grand View (GLAD). Please provide phone numbers and email addresses for Worshipful Master’s and Secretaries as they are to be listed in the Georgia List of Lodges. Grand View allows the Secretary to choose the mailing address for where he wants Lodge mail to be sent. This information can be entered under Lodge Info from your Dashboard. That information is what will appear in the Georgia List of Lodges for the Secretary. Remember all election returns must be entered on or before Monday, December 21, 2020.

MONTHLY CLOSEOUTS
On the first day of each month the Monthly Closeout of the preceding month must be completed before the end of the current month. If a Monthly Closeout has not been closed out before the last day of the third month, the closeout will be lost.

Jan Milton Giddens was born November 13, 1953 in Cartersville Georgia, the first born child of John and Gladys both fresh out of the U.S. Air Force. The family lived in Georgia, South Carolina and Alabama before finally settling in Marietta in 1960 when Mr. Giddens began working for Lockheed. Jan has one brother Keith, who is three years younger, both boys are products of the Cobb County School System. Jan graduated from North Cobb High School and went to work for a short time before joining the U.S. Army serving in many duty assignments until receiving an Honorable Discharge in 1977. Returning to Marietta he worked and attended the Southern Polytechnical Institute receiving an Associate degree but the long work hours plus a demanding academic schedule made it difficult to be a father and husband. Hearing that U.S. Postal Service was hiring, Jan took advantage of his disabled veteran status using the extra points to help him gain employment as a Letter Carrier, a job he worked at for thirty-five years before retiring. It was while working at the Post Office that he met the love of his life Margo, they were married in 2001, together they have four children and eleven grandchildren and he will be more than happy to show you a picture of his grandchildren.

Jan had a life long interest in Freemasonry but working and raising a family always seemed to get in the way of petitioning a lodge. Noticing a Masonic ring on a Brother at church prompted him to ask the magic question, a petition was obtained and his Masonic journey began. Jan was raised to the Sublime Degree of Master Mason in January 2005 and quickly became an active member of the Lodge and served as Worshipful Master in 2009. Soon after leaving the East he was appointed as District Deputy to the Grand Master serving in that capacity until he was appointed, by F. Andrew “Drew” Lane, Jr. to be Third Grand Steward in the Grand Lodge line in 2012.

Jan is an active Mason in most of the bodies of Freemasonry having served or is serving in leadership positions. He is Past Master of the Cobb County Masonic Convention, a past High Priest RAM, past Illustrious Master R&SM, past Commander Knights Templar. Past Seventh District High Priest and District Illustrious Master. A member of the Knights York Court of Honor, Knight Masons, Red Cross of Constantine, Holy Royal Arch Knight Templar Priest, York Rite College, Georgia Lodge of Research, SRICF, Allied Masonic Degrees.

Received his Scottish Rite degrees in 2006, made a KCCH in 2013, and a 33 º in 2019. He has served with the stage crew since 2008, VMAP Chairman and a member of the Valley Executive Committee and is now the Wise Master of the Atlanta Chapter Rose Croix. Past President of the Cobb County Scottish Rite Association.

A member of YAARAB Shrine, Kennesaw Mountain Shrine Club, and the Knights of MECCA.

Our Brother feels he has found his purpose in the Brotherhood of Freemasonry and never imagined that there was the slightest chance of ever being the Grand Master of Masons in Georgia. Jan looks forward to many more years of service to the craft.
I'm married to Katy Elizabeth Johnson and we have two daughters, Cassidy Marie, 17 and Ada Elizabeth, 8. We live in Social Circle, Georgia. Cassidy is a senior this year at Social Circle High School with plans to attend college in the fall of 2021. Ada is in third grade and is on the Redskins cheerleading squad. As a family we participate in many of the community activities held throughout the year, extracurricular school activities, sports, and city events.

I was born to Mark and Shirley Johnson in Dekalb County, Georgia, July 01, 1981 and raised in Conyers Georgia close to my grandparents and extended family. The land my childhood home was built on was a portion of my great grandfather's farm land. I have one younger brother, Christopher Mark Johnson, and two younger sisters, Rebecca Ann Plunkett, and Melissa Marie Johnson. I grew up roaming the wooded areas around my home with my brother and working with my father collecting and restoring vintage automobiles. I was driving and working on cars myself from about eight years old. I enjoyed many afternoons cutting acres and acres of grass and gardening with my grandfather that lived across the street from us. My father recently retired from Southern Company after a 35-year career in logistics and purchasing. I learned to do what you say you will and to under promise and over deliver from watching my father deal with people in public, at church, and other times when he has teaching me how to be a productive member of society. My mother recently retired from teaching at J. H. House Elementary where she taught many grades and special programs throughout her career. I learned that an education is vital to success and that you never really stop learning. In many ways I enjoyed school and not just because my mom knew all the teachers and staff all throughout my school age years. I was active in Boy Scouts of America and belonged to Troup 410 which met out of St. Pius in Conyers. I have earned many merit badges and spent many summers at Bert Adams Camp learning skills that I still carry today. Several things that stand out are leadership, personal responsibility and accountability, survival skills, and respect for nature. Growing up, my family and I attended First Baptist Church of Conyers GA. My parents have taught first grade Sunday School since I was in first grade and still teach today. My mother has taught many years of Vacation Bible School and my father has been on the pastoral search committee, the budget committee, served as deacon, and as chairman of the deacon board. My family and I attend First Baptist Church of Social Circle, Georgia when home and we attend First Baptist Church of Conyers when visiting my parents.

I graduated from Georgia College and State University in 2006 with a business degree in management. My management career began with AT&T my senior year in college and, immediately upon graduation, I moved to the Athens area to lead several retail stores there. After about seven years in retail management with AT&T, I moved into banking with SunTrust and felt fortunate to be in a role I found personally gratifying and enjoyable. Today I manage a branch for Regions Bank in Madison, Georgia where I have been for about four years. My role puts me square in the middle of our country’s financial world and I soak up all I can to ensure I am a source of knowledge for the community and my friends and family.

My Masonic career began in 2009 when I asked my Grandfather, WB Harold Lee Moss, how I could become a Mason. My grandfather raised me accompanied by ceremony put on by The Wool Hat Boys in 2011 at Dawson Lodge #68. Today I belong Madison Lodge #376 where I am twice a Past Master and Daw-

Akin Lodge to start his Masonic Career, becoming Master of his Lodge in 2012. On December 16, 1786 four Lodges met and formed the Most Worshipful Grand Lodge of Georgia of Free and Accepted Masons. The year 2021 will constitute the 235th year of the formation of our Grand Lodge and that great history will be a large part of the program for the new Masonic year. By an act of the Georgia Legislature on February 6, 1796 the Grand Lodge of Georgia was incorporated, so 2021 will mark 225 years since that act was passed. We are hoping to have a resolution passed through the Georgia Legislature commemorating this act (Covid protocols allowing) stay tuned for further details.

In keeping with a historical theme, I have created my pin and knife to reflect the 1800th century time in Georgia. In 1786 Georgia consisted of only 11 counties, that is what you see on the right side, with the western border being the Mississippi River. Our Grand Lodge was formed two years before Georgia ratified the U.S. Constitution. The theme for the year will be ”From Whence We Came” our effort to celebrate our rich history and how it is so much a part of the history of our great state.

The knife is a copy of an 18th century gentleman’s knife, the type a man would have carried in this time period. The company that traditionally handles out Grand Master knives could not find a suitable knife so they are custom making our knife. I think you will be proud to own this unique style knife. Because it is being custom made, they could not get them here before Grand Lodge, but it will be worth the wait for those of us that love knives.

I look forward to sharing with you the history of our Grand Lodge and hearing about your Lodge history during our visits in the coming year.

At the beginning of the school year, Beulah Lodge donated over $7,000 for the backpack programs of local Union County Elementary Schools. Grand Master Johnie Garmon assisted the Master of the Lodge to present checks to be delivered by Brothers Jacob Griffith and Jerry Bullock to three Union Elementary Schools. The Principals of the schools were unable to attend the Lodge meeting due to the Coronavirus pandemic. The money was raised with contributions from Carroll Electric, Cheeseburger Bobby’s, and by the members of the Lodge.

On Sunday October 4, 2020 the Grand Lodge of Georgia, Free & Accepted Masons conducted a cornerstone ceremony at the new Paulding County Sheriff’s Office. Grand Master Johnie M. Garmon along with the Grand Lodge Officers facilitated an impressive and awe inspiring ceremony. The Officers of Dallas Lodge #182 F&AM along with Deputies, community members, local elected officials, and Paulding County citizens were in attendance for the event. The event was originally scheduled to occur on May 9, 2020 just after the new Paulding County Sheriff’s Office opened, but the COVID-19 pandemic halted that. Nonetheless, the event was well attended and was very meaningful for those who were present. We would like to give a special “Thank You” to Worshipful Brother Eddie Gurley for his help in making this event possible. Without his hard work and due diligence, none of this would have occurred. We would also like to thank Brother Bobby Hulse and Brother Wesley Maulding of Affordable Monuments in Hiram, GA for making and donating the cornerstone to the Sheriff’s Office.
In Craft Masonry, you learned only a portion of the story of Freemasonry. If you are interested in seeking “...further light in Masonry”, we encourage you to fill out a petition or talk to a York Rite Mason.

Disinterestedness
By Worshipful Brother Brian Coffey, First Grand Steward
Hinesville Lodge No. 271

Years ago, I used to assist with the Ninth Degree of the Scottish Rite, Elu of the Nine at the Valley of Savannah Scottish Rite of Freemasonry. I was one of the Elu and we would light a candle and name one of the nine special virtues of the Degree which serve as additional weapons for the Mason: disinterestedness, courtesy, devotion, firmness, frankness, generosity, self-denial, heroism, and patriotism. I was always given “disinterestedness”; I think because it was hard to pronounce and I was the young guy that would take whatever he was given.

The Nine Elus of the Degree were those selected to search for the murderers of Hiram that represented ignorance, error and intolerance. The attributes of: disinterestedness, courtesy, devotion, firmness, frankness, generosity, self-denial, heroism, and patriotism are those that will destroy these ruffians whose goal is to destroy the best in human nature.

I recently mentioned disinterestedness in a conversation and the people I was talking to did not understand the term; many think that it means uninterested or a lack of interest. It actually means something very different. The definition is, Disinterestedness: the quality or state of being objective or impartial. Key synonyms are: fair-mindedness; impartiality; justice; neutrality; objectivity; impartialness.

In Freemasonry we celebrate disinterestedness as a key attribute of a good man and Mason. It is that attitude that we serve in the Craft and in our community; not for our own glory, but for the betterment of the Fraternity and Society. This disinterestedness is not easy for us because it strikes at the root of our own pride and egoism.

We must always remember that one of the key goals of Freemasonry is to build in men the character of a Gentleman. Shortly after I had the conversation listed above, I read the following in Gordon S. Wood’s Revolutionary Characters: What Made the Founders Different.

When John Adams asked himself what a gentleman was, he answered in just these terms of a liberal arts education. “By gentlemen,” he said, “are not meant the rich or the poor, the high-born or the low-born, the industrious or the idle: but all those who have received a liberal education, an ordinary degree of erudition in liberal arts and sciences. Whether by birth they be descended from magistrates and officers of government, or from husbandmen, merchants, mechanics, or laborers; or whether they be rich or poor.”

Disinterestedness was the most common term the founders used as a synonym for the classical conception of virtue or self-sacrifice; it better conveyed the threats from interests that virtue seemed increasingly to face in the rapidly commercializing eighteenth century. Dr. Johnson had defined disinterested as being “superior to regard of private advantage; not influenced by private profit,” and that was what the founders meant by the term.

Among the other virtues mentioned in the disinterestedness could also be looked at as a characteristic. The men who developed our Ritual in the early days of Speculative Freemasonry were the same type of men who led our Revolution against tyranny. They identified these as key characteristics of a good man and developed lessons and Rituals to help us to understand and direct our paths in the right direction to achieve the Character spelled out in these virtues.

By valuing and practicing disinterestedness, it does not mean that we are not affected by the results of our work. Nor does it mean that complacency should creep into our actions or that we should not act to improve the outcomes of our efforts. It means that we should not do this work for our own glory, but for the glory of the GAOTU, the craft and Society as a whole. “Be disinterested; that is what really matters.” Does this statement ring true in your life? “Disinterestedness is essential in the pursuit of knowledge.” Do you agree with this statement? When you achieve a position, do you accept because of the rewards you expect or do you consider only how you can advance the organization and your fellow man? Do you pursue knowledge without an agenda, without any bias towards the knowledge you pursue?
Rethinking Masonry in Georgia
By Worshipful Brother Christopher Chapman
Jonesboro Lodge No. 87

The time has long come for us to re-think our Masonic fraternity in Georgia. Masonry came to Georgia with the founding of the colony of Savannah, by a warrant issued by the Grand Lodge of England. After the formation of the Grand Lodge of Georgia, all regular lodges began to operate under the jurisdiction of our Grand Lodge. Masonry was born in the British Isles, and imported into the U.S., with oldest recorded references to Masonry and the oldest Grand Lodges in England, Scotland and Ireland, respectively.

As our membership continues to decline and the average age of a Mason in Georgia continues to rise, perhaps we should look at some of the initiatives that the oldest Grand Lodges are doing to address the same kinds of challenges with regard to membership.

The Higher Education system in the British Isles does not have a “fraternity system” like we have in the U.S. Therefore, young men of character look for other groups and organizations to join and find a sense of belonging when away from home. The UGLE has responded over the past few years with their University Scheme. The have special dispensation concerning age, residence and other factors involved with University students. They have been bringing new Masons in at a good rate and with much success. Given the number of Colleges and Universities around the state, and the challenges being faced by “Greek “fraternities on college campuses, maybe we should try and develop a similar program to “fill this void.” Of course, the lodge needs to understand that after graduation, these men typically move away. The scheme is good for the fraternity, but it does create membership turn-over in the University Lodges. In the alternative, the lodges could also rely on alumni for support and be a place for events related to the school, such as graduation, homecoming, etc.

Another approach currently being pursued by the UGLE are Specialty Lodges. These lodges are identical to regular lodges, but with a new twist, the lodge has a “special interest” theme to promote activities outside of the lodge and promote a deeper interest in Masonry and the other interest. For example, a lodge near Lake Lanier could have a sailing lodge, where the members have an added interest in sailing. Another example is a sports lodge, where all the members are fans of the same sports team. Other examples include Military lodges, Police Service, Fire Service, Alumni Lodges, etc. The specialty can be anything, but the idea is to share a common interest in addition to Masonry to promote activities and brotherhood both in the lodge and outside of the fraternity structure.

And now, it is unavoidable that we must consider changing some long-held traditions in Georgia. The absolute prohibition of alcohol in the lodge is an impediment to the future of the lodge. I am no way suggesting that our lodge halls should be turned into bars, but I am suggesting that each lodge should have the ability to have functions and activities at their lodge with the OPTION of reasonable alcohol consumption. The Code could provide that any consumption would require the approval of the Master and regulated by the Junior Warden, as a part of his duties. Furthermore, the lodge could use proceeds from this activity as a regular source of extra funds, or rent lockers to members for personal storage, etc. In addition, the ability to have alcohol on the lodge property would also allow the fellowship area of lodge halls to be rented as event space and, again, provide some funds for the lodge. Finally, and of utmost importance, lodges could engage in Festive Boards for the lodge without violating the Masonic Code.

Palmetto Masonic Lodge #74 Moves into the 21st Century!

Palmetto Lodge #74 is a small “farmer’s” Lodge located in Palmetto, GA, just off Interstate 85 about 20 minutes south of the Atlanta Airport. The Lodge charter was granted on November 1, 1848. The present Lodge was built mostly by the Brethren of the Lodge in both donations of materials and their labors to complete the building. The current building was dedicated in October 1992. Many original items in the Lodge were here when the Lodge was dedicated. Some of the original items have had some revisions or modifications throughout the years.

Membership has grown in the last few years and accompanied with the merger of Fairburn #180 now has 95 Master Masons, 37 of which are perpetual. Although many of the Brethren are professionals and business owners, membership is mostly made up of a lot of “good old boy” Masons who don’t wear coats and ties but never give a second thought to helping the community, Lodge or a Brother in need.

During the closure of all Georgia Lodges this past year, a few of the Brethren, while maintaining all the provisions of the Grand Master’s Ruling 2020-5, worked to accomplish some long discussed and needed updates to their Lodge. As often happens, when one task was accomplished, another one would soon crop up. One thing led to another and when the Lodge was allowed to reopen, the Lodge room had been completely remodeled except for replacing the carpet, which will be done some time next year.

We removed many older items deemed unnecessary from the walls. We relocated some of the items to the dining room and other locations within the Lodge. Many of the items that were removed were placed in storage and offered to any Brother who desired to take them home or who were aware of anyone who might have another use. Among other things, we patched the holes and painted the walls, refurbished our original letter “G”, installed a cell booster in order to have cell service within the Lodge, redesigned and purchased new drapery for the Holy Altar, Master’s and Warden’s stations, and built a new display for our Past Master’s pictures. The new display places all PM pictures on one wall whereas before they were on two walls. This gave us much more wall space and cleared much of the clutter previously in the Lodge room.

On May 14, 2019, Fairburn Lodge #180 surrendered their charter and merged with Palmetto Masonic Lodge #74. Prior to the remodeling, previous members of Fairburn #180 asked for their Past Master’s picture to be displayed as well. The request was taken into advisement and they were promised they would be displayed.

With the completion of the remodeling, it was obvious the wall space was not available to display an additional 167 years of Past Masters. It became necessary to step back, think outside the box and approach the subject from another angle. It was decided that the best approach was for the Lodge to purchase a 50”, flatscreen TV set to be hung on the Lodge Room wall. A slideshow was developed with a short history of Fairburn #180 and all available Past Master’s pictures were identified and included along with the names of the Past Master’s whose pictures are not available. The slideshow is started before each Lodge dinner and runs through the Lodge meeting.

We also decided that it would be nice to have a Trestle Board to announce future events for the Lodge. The Trestle Board is presented on a TV in the dining room. The Trestle Board includes such information as what is planned for dinner for the next few meetings along with any fundraiser or other event that is planned. This is a very flexible system that we are using and in terms of electronic media it is rudimentary and easy to update. We believe it will grow in importance to the Lodge as we continue into the future.

Needlessly to say, the new approach to the PM’s and the Trestle Board have been very well received by the Brethren. Many of the Brethren have come forth with additional ideas for additional uses of the TVs during different times of the year. One planned item is a video of the Staircase Lecture. We are looking forward to using these devices in future endeavors.
The Common Gavel

By Brother Tim Henry, 32°

I was thirteen years old when I got my first job. I was referred by a lady that we went to church with, to the wife of the owner of the golf course near our house. Please don’t get any ideas of grandeur, this is not a golf course surrounded by huge homes and swimming pools. The course had nine holes and it had been bought and sold several times through bankruptcies. These particular owners lived off of the sixth green just below the club house. They kept a watchful eye on all goings on and were very involved in the day to day running of the course.

My first job was to clean out and weed the garden spot behind the club house. I worked for several days weeding, hoeing and clearing the area to reveal only one tomato plant and a pepper plant had survived. The head greenskeepers’ name was Bobby. He had embraced me over that week and become a Godsend. I didn’t know at that time how influential he would be in my life. Many of my stories have referenced that I grew up without a dad for a role model. Bobby was one of the amazing people that God put into my life at that exact time. He was a pastor of a small church in AL and a great outdoorsman. He was insistent and rigid in his belief to teach me to own my own mistakes, stand up for myself and above all else, be honest. I worked for Bobby until I was eighteen years old. Five years of my formative life were spent with this wonderful mentor and he would shape a lot of who I am.

Life lesson number one: The summer I was fifteen years old I had gotten a burr under my saddle blanket to clean up the pasture at my house. The golf course owned a large, closed cab, airconditioned tractor and a 10’ bush hog. I devised a plan and felt confident that I could run the tractor to my house and bush hog the pasture on a Saturday morning after I finished mowing the greens and raking the sand traps before anyone was the wiser. I drove the tractor the mile and ½ trip to home and started the work. Everything was going exactly to plan, until it didn’t. I started up the hill in our pasture and had no idea there was an old stump about 8” high I couldn’t see in my path. I hit that stump, it stalled the tractor and made a godawful noise. Of course, I panicked, jumped out of the tractor to find I had sheared off the output shaft on the left side of the gear box. As I stood there, fear overwhelmed me about what to do next. Questions began to flood over me, how do I fix this? How do I explain it? What will Bobby say? Will I get fired? After what felt like hours had passed I succumbed to my situation. I struggled, tugged, fought and lifted the plate and blades back onto the deck of the bush hog. Returning that tractor that mile and ½ seemed like a lot longer that day. My mind swirled around what Monday would bring.

I look back on this situation as a grown man now and see how my actions placed Bobby in a bad predicament. As a young man I had no idea of what all he would have to explain. He had to tell the owners...
some sort of reason the tractor was torn up. He had to explain how we would fix it. He had to stand up and assume my stupidity. This became one of my most teachable moments. Bobby was mad to say the least, he scolded me and decided my punishment. I was going to fix this alone. He would offer advice on how, but this was my screw-up, my decision, and my deceptive nature that caused this issue. For that I would own the outcome. No matter how long it took, no matter how many times I wanted to quit, walking away was not an option. Bobby sat in a chair for what seemed like days and watched me struggle with this job. Nothing on a bush hog is easy, or light, or quick. However, I did it. I repaired my mistake. I fixed the broken machine. It took much longer to repair my relationship, I had broken Bobby’s trust. I had made myself an unreliable, deceptive teenager with no regard for how my actions would reflect on me.

I look back on my mentors now and reflect on decisions they were making and wonder am I doing them justice? Am I using the lessons taught to me wisely? Is this world that we now live in capable of learning from old school, hard knocks ways?

My hope as Masons is that we continue to lead from the lessons we were taught. I hope that we can reflect on the first knock that you heard and remember the question that was asked. Why are you here? Exactly why did you come here? As we embrace this life under the shadow of the men that we are led by my hope is that those lessons have value, they have influence and most of all they direct our steps. As we close 2020 take a moment to reflect on how 2021 might look if we use our light to guide its outcome.

---Continued from Page 19---

Festive Boards are an integral part of lodge membership around the world and would benefit the lodges in Georgia.

In order to make these and other changes to reverse the current decline of Masonry in Georgia, we need to embrace our creed and ‘take all good men by the hand” when considering membership in Free Masonry. The Masonic Code needs to be amended to remove ANY and ALL prohibitions on who is an eligible member by the Grand Lodge. Again, I am not suggesting that we allow anyone who wants to petition for membership into our fraternity. Rather, I am suggesting that all arbitrary prohibitions be removed from the Code, and that each lodge properly tyle their lodge room and use their ballot box to elect eligible members based on their individual character, integrity, and honor “to the satisfaction of THEIR lodge.” Given that visitation to another lodge is a privilege and not a right, and that any member of a lodge can object to a visitor from sitting in their lodge, there exists no reason for the Code to prohibit membership to any man of good reputation. Every man that petitions for membership to a lodge of his choice should be permitted to do so. After becoming a member of the lodge, any subsequent behavior by the member that brings the lodge, or the fraternity, into disrepute is a disciplinary matter for THAT lodge to address.

I understand that many in our fraternity will protest these changes. I can hear the cries of “that is the way we have always done it,” but the reality is that if we continue to do the same things in the same way, we can expect the exact same outcome. I do not pretend to have the answers, I am only asking the hard questions. If any other members have ideas to reverse the current trend, then let them be heard. All of these suggestions for reversing the trends of declining membership and closing lodges are linked. The Masonic experience must become more relevant for the modern man, but it must also maintain its Ancient Landmarks. Nothing I am proposing is in conflict with Masonry, in fact all these changes speak to the true heart of Masonry—Fraternity, as embodied in the three Mother Grand Lodges.
Freemasonry has a lot of historical events that we simply cannot verify. Things become lost in the fog of history, fires, wars, etc. And, then there are those like me who also like to put a little “mustard on the sandwich,” so to speak. I know of one Lodge Master who continues showing me pictures of larger and larger fish that he caught. I am not saying that he uses Photoshop, I’m just saying. Many times, I have been in a Masonic Lodge building where I would see references to the 14 Masonic presidents of the United States. I have even seen placemats with their names and pictures in some of the fellowship halls.

What if I told you that this could be wrong? What about the other American presidents? Other presidents? And were they Brothers in our great Fraternity? The United States Declaration of Independence was adopted in 1776 and the Constitution in 1789. Brother George Washington was not inaugurated until April 30, 1789, so who were the presidents for those first thirteen years?

Many would say that the United States had as many as 14 additional presidents, patriots who ran the country through the Continental Congress which started in 1774. They were just not the constitutional presidents. Further, the actual number of those may be disputed. These patriots did many wonderful deeds and held many other offices than those listed below. This will be a short article to spur your interest in diving deeper into our patriotic and Masonic history.

So, who was the first president who was a Freemason?

Peyton Randolph

Brother Peyton Randolph’s original Masonic affiliation is not certain, but he may have been raised in London when he was in school there. He was made a Master of Lodge #6 at Williamsburg in a warrant from Lord Petrie, Grand Master of the Grand Lodge of England, dated November 6, 1773.

In 1774, he was elected as the first president of the territory known as the United States. He also served as speaker of the Virginia House of Burgesses and chairman of the Virginia Conventions. And he was serving as Provincial Grand Master of Virginia while he presided as president of the first Continental Congress in Philadelphia in 1774.

Henry Middleton

Brother Henry Middleton was said to be an active Mason in the colonial period. In 1774, he was elected as the second president of the Continental Congress. He served as president for only a few days in 1774.

John Hancock

During a trip to Quebec in 1762, Brother Hancock was made a Freemason in Marchants Lodge No. 277. Upon his return to the colonies later that year, he became a member of the Lodge of St. Andrew in Boston.
In 1775, he was elected as the third president. Additionally, Brother Hancock also served twice as governor of the Commonwealth of Massachusetts.

**Henry Laurens**

Brother Henry Laurens was also said to be an active Mason in the colonial period. In 1777, he was elected as the fourth president. Brother Laurens succeeded Brother John Hancock as president and was a signatory to the Articles of Confederation, and president when the Constitution was passed on November 15, 1777.

**John Jay**

Although there exists no direct evidence, Brother John Jay is listed as a Mason in 10,000 Famous Freemasons. Brother Jay is most known as the first Chief Justice of the U. S. Supreme Court but is considered a prominent figure of the Revolutionary times as he was a member, and president for two years, of the Continental Congress. He was also Minister to Spain; signer of the Treaty of Paris; U. S. Secretary of Foreign Affairs; was one of the authors of what would be known as the Federalist Papers; and served the people of New York as governor. Many believe that John Jay was a Freemason as he wrote to Brother Washington on April 21, 1779.

**Samuel Huntington**

On June 3, 1795, Samuel Huntington appeared at a meeting of Wooster Lodge at Colchester, Connecticut. His reputation and character being well known and above reproach, the by-laws were suspended, and a ballot taken. The ballot was clear, and Samuel Huntington was immediately initiated as an Entered Apprentice. The next day, at a special communication of Wooster Lodge, he was passed to the degree of Fellowcraft and raised to the sublime degree of Master Mason.

In 1779, Brother Huntington was elected as president from 1779 to 1781, chief justice of the Connecticut Supreme Court from 1784 to 1785, and the 18th governor of Connecticut from 1786 until his death.

**Thomas McKean**

Brother Thomas McKean was noted as a frequent visitor to Perseverance Lodge No. 21, Harrisburg, Pennsylvania. (Parenthetically, a close friend of mine is a Past Master of Perseverance Lodge No. 21 and I have visited there, and likewise he has visited Lodges here in Georgia.) Brother McKean's genealogy alleges that he was a Mason, although his name is not found on the records of the Grand Lodge of Delaware, which was not organized until the close of the American Revolution. I believe that Brother Samuel McKean was probably a member of the Fraternity.

In 1781, Brother Thomas McKean was elected as president of the Continental Congress. He signed the United States Declaration of Independence and the Articles of Confederation.

**John Hanson**

There is no evidence of membership in the Fraternity that I could find. In 1781, Hanson was elected president and became the first official to serve a one-year term under the provisions of the Articles of Confederation.

**Elias Boudinot**

There is no evidence of membership in the Fraternity that I could find. In 1782, Elias Boudinot was elected as president from 1782 to 1783. He also was elected U. S. congressman for New Jersey following the American Revolutionary War and was appointed by Brother and President George Washington as director of the United States Mint, serving from 1795 until 1805.

**Thomas Mifflin**

There is no evidence of membership in the Fraternity that I could find. He was a major general in the Continental Army and the 1st and 3rd quartermaster general during the American Revolution, a member of the Pennsylvania Provincial Assembly, a Continental congressman from Pennsylvania, and a delegate to the Constitutional Convention of 1787. In 1783, Thomas Mifflin was elected as president.
Richard Henry Lee

There is no evidence of membership in the Fraternity that I could find. He was a signatory to the Articles of Confederation and his resolution of June 1776 led to the United States Declaration of Independence, which he signed. In 1784, Richard Henry Lee was elected to a one-year term as the president and was a United States senator from Virginia from 1789 to 1792.

Nathaniel Gorham

There is no evidence of membership in the Fraternity that I could find. In 1786, Nathaniel Gorham was elected for six months to serve as president. He also attended the constitutional convention and was one of the signers of the United States Constitution on Sept. 17, 1787 in Philadelphia, Pennsylvania.

Arthur St. Clair

Brother Arthur St. Clair was a petitioner for the charter of Nova Caesarea Lodge #10 in Cincinnati, Ohio in 1791. During the American Revolutionary War, he rose to the rank of major general in the Continental Army. Brother St. Clair was elected president in February 1787.

Cyrus Griffin

There is no evidence of membership in the Fraternity that I could find. In 1788, Cyrus Griffin was elected as the last president before Brother George Washington, holding office from Jan. 22, 1788, to Nov. 2, 1788. He resigned after the ratification of the United States Constitution and was later a United States federal judge.

In conclusion, have there been other Masonic presidents before the fourteen that we normally hear mentioned at Lodge meetings?

Yes, likely maybe eight more. They were all patriots and forefathers of this wonderful nation that we inherited. May it long survive.

George Starr Peck (if it is the correct one I have identified) is known for the creation of Chastain Memorial Park and the Fulton County Parks Department. I am unable to confirm if he was a Mason. The article below was originally published in the July 1948 issue of the Masonic Messenger.

The Destiny of Democracy

Our of the travail of oppression, conceived in idealism and born in hope, a Democracy is forged—and thrives until demagogues sink to trading tarnished votes for spoils which had been treasures. Polluting the ground where its roots found nourishment, panders replace patriots while parasites suck its sap. Anemia weakens it and rottenness gnaws its heart. Without the strength to support its leaches or itself the giant totters—and the leaches curse its emptiness.

What distillation fires the servant enfranchised only by the trust of his people to think first—often only—of his own perpetuation in office? How indispensable he holds himself to be! When his vote is sought to be swayed by threat of reprisal, better it were he fall facing forward and let another replace him in the fight. Cesspools are purified in the sunlight of merciless publicity. Honor was never the fruit of corruption.

If the press be truly free, fired by zeal for liberty, untwisted by the lure of blemished gain; if all the servants of the people remain conscious of their holy trust; if every citizen but cherish, as his hope of heaven, his sacred right to vote, and scorn to yield it for the hope of selfish gain; if every son of God in universal brotherhood concedes to every other, rights equal to those he claims; then as Democracy spreads to the fringes of humanity, it shall grow with righteousness; thrive with justice; and endure in fulfilment of its divine mission.
Several Veterans groups have dispatched a letter to the Director of the Defense health Agency (DHA) requesting a 12-month reinstatement period in lieu of the current 90-day reinstatement period during the implementation of the new TRICARE Select enrollment fee that will take effect Jan. 1, 2021. It is now even more essential to allow sufficient time to notify beneficiaries about the new enrollment fees, since the consequences of failing to pay are so severe. Military retirees earned their health care benefit through decades of selfless service to our nation. Missing a communication from TRICARE should not result in them losing their essential benefit.

In an Aug. 7, 2020 NewsBytes, those TRICARE Select beneficiaries under age 65 that joined the military before Jan. 1, 2018 (Group A) will be required to pay a monthly fee beginning Jan. 1, 2021. The monthly fee for an individual is $12.50 and $25 for a family. This must be done via allotment, if feasible. In order to maintain health care coverage, TRICARE Select Group A retired beneficiaries must pay their TRICARE Select enrollment fees.

The DHA notes that FAILURE TO PAY WILL MEAN LOSS OF COVERAGE until the following open enrollment period. Beneficiaries who fail to set up their TRICARE Select enrollment fee payment by Jan. 1, 2021 will be disenrolled from TRICARE Select for non-payment. Those beneficiaries will have 90 days from their termination date to request reinstatement. If a beneficiary does not act, they will only be able to get care from a military hospital or clinic if space is available (i.e. all civilian health care costs will be their full responsibility). The fees are waived for Chapter 61 retirees and their family members and survivors of deceased active duty service members.

The House Veterans Affairs Committee (HVAC) recently held a hearing to re-authorize the Women's Veterans Task Force and to discuss pending legislation. The HVAC agreed to extend the Women's Task Force and Rep. Julia Brownley (Calif.) Chairwoman of the Task Force highlighted the wins of the task force including the passing of the FRA supported Deborah Sampson Act (H.R.2452) and looks forward to accomplishing more in the next session of Congress.

Also of Note, comedian John Stewart, who was instrumental in advocating and passing the 9/11 first responders bill, was back on Capitol Hill trying to help veterans who have claimed health issues due to the exposure to toxins from burn pits. Stewart was there to support the introduction of two bills that would provide compensation and health benefits by listing burn pit exposure as a presumptive condition for any service member who served in Iraq and Afghanistan. The Presumptive Benefits for War Fighters Exposed to Burn Pits and Other Toxins Act (S.4524, H.R.8261) was introduced by Sen. Kirsten Gillibrand (N.Y.) and Rep. Raul Ruiz (Calif.) in the Senate and House respectively. "More than three million service members could have been exposed to toxic burn pits, yet the VA continues to deny them care by placing the burden of proof on veterans suffering from rare cancers, lung diseases, and respiratory illnesses. Congress cannot sit by as the VA ignores its duty. The bottom line is that our veterans served our country, they are sick and they need health care-period," said Gillibrand. "The Presumptive Benefits for War Fighters Exposed to Burn Pits and Other Toxins Act will finally establish a presumptive service connection for veterans exposed to burn pits and other toxins and streamline the process for obtaining vital VA benefits."

Stewart stated "I'm not a doctor, I'm not a scientist. But I'm also not an idiot. If you live next to a toxic smoke plume filled with cancer-causing elements, and you're breathing it in day in and day out, it's going to make you sick," referring to the use of burn pits during the Global War on Terrorism (GWOT).

The provisions of the bill include the establishment of a new list of diseases resulting from a veteran's service as a presumptive condition. The following medical conditions are included in the proposed laws:

- Asthma
- Chronic Obstructive Pulmonary Disease [COPD]
- Cancers of any type
Brethren, Families, and Friends,

We are almost there! Starting out my article using these words, makes me think of those many car trips as a child when my parents would say ‘we are almost there’. This of course was all relative depending on the length of our journey and encouraging us to be patient. We can certainly say this about the end of 2020. 2020 is finally winding to a close! For all of us, our families, and friends, we will depart this year with life lasting memories. Our Brother Roosevelt summed this up when he said ‘will live in infamy’. Yes, 2020 will be a year in ‘infamy’. Our struggles, fears and anxieties have been at the forefront since early in the year. Although more recent news regarding a Coronavirus vaccine gives us a light of hope for our future.

Even amidst all this uncertainty we end this year for Georgia Child Identification Program on a super high! I am delighted to share with you that our Georgia Child Identification Program has received a donation of $20,000.00! This gracious donation was given by Masters Lodge No. 295 under the leadership of Worshipful Master Jim House. This donation will more than cover our minimal amount of expenses in the early part of 2020 prior to the Pandemic and sets a sound budget for future years.

We are so truly grateful to our GACHIP District 5 Director, Worshipful Brother Craig Knowlton for coordinating the donation from Masters Lodge No. 295. Included is a picture of our Worshipful Brother Craig Knowlton receiving the check on behalf of GACHIP from Worshipful Master Jim House.

We are so blessed by the charity of our Lodges across our great state. Over the course of the past 5 years, Lodges have donated nearly $50,000.00 to our Program. These donations have provided that crucial financial stability and foundation to improve many facets of our Program by updating and upgrading equipment, purchasing of promotional material, supplies and numerous other assets to ensure we are at the ready for upcoming events.

Our beloved Brother Franklin said it best “When you’re good to others, you’re best to yourself.” Truly the Brethren and the Lodges of our great state have exhibited the highest level of being good to others through their timeless generosity of donations and recruiting volunteers supporting events.

I hope that you, my Brethren, will place support for the GACHIP Program at the top of your Lodge priority list, when we once again begin scheduling events. GACHIP is one of our most visible charities and a great opportunity for your Lodges to provide a lasting community outreach through providing time and monies to our beloved charity. Please reach out to the team via the contact information on the Grand Lodge site or at: SD@GACHIP.org.

Stay Safe, Stay Healthy and Happy Holidays to ALL of our Brothers and Families!
